## Aladdin Commercial is dedicated to sustainability and innovation

By utilizing the most innovative materials and processes, Aladdin Commercial offers comprehensive flooring solutions that are created specifically for commercial interiors.

### FIBER

#### EnviroStrand™ SD

EnviroStrand solution-dyed fiber aligns Aladdin Commercial's leadership in sustainability and design. Aladdin utilizes a patented process that enhances the strength of the yarn while incorporating a multi-step purification process ensuring the carpet resists dirt, grime and contaminants.

- Constructed with our patented technology, providing the ultimate innovation in PET carpet
- Through our patented process, Mohawk recycles 6.2 billion PET bottles every year. If placed end to end, these bottles would circle the earth 31.4 times
- Contains a minimum of 90% post-consumer recycled content

### BACKING

#### UltraSet® Matrix

Aladdin Commercial continues its dedication to sustainable solutions with UltraSet Matrix, the next generation in carpet tile backing. Using advanced materials and patent pending engineering, UltraSet Matrix lowers environmental impact without sacrificing performance:

- Simplifies complex floor preparation with no need to encapsulate old adhesives\*
- Greatly reduces subfloor moisture concerns and saves money on mitigation
- Worry-free installation with no visible moisture present using our FlexLok Tab System
- Contains a minimum of 40% pre-consumer recycled content based on total product weight\*\*

\*Consult Mohawk Installation Instructions for any applicable restrictions

\*\*Recycled Content Claim third party verified by UL (Underwriters Laboratory)

## Unique designs with mergeable carpet tiles

Many of our carpet tiles are developed with a gradation of color through the background yarns across the width of the carpet tiles. The progression of color occurs every 18 inches across a 6 foot width or the equivalent of three tiles. Tiles will vary in color and pattern placement as to allow for mergeable carpet tiles and unique carpet design.

Our mergeable carpet tiles are designed with a progression of color that occurs every 18 inches across a 6 foot width or the equivalent of 3 tiles.

## Maximize design coordination

Aladdin Commercial makes it easy to personalize your commercial space. With coordinating carpet tile, broadloom, and LVT styles; our product lines offer the design freedom needed to create unique interiors.

City Skylines Collection was designed specifically to coordinate with Metroscapes Collection. Metroscapes, a modern-day collection, has four broadloom carpet patterns inspired by timeless, vintage woven textiles. City Skylines features a carpet tile product with a similar textural look and coordinating colors - making it the perfect companion collection.

Installation Instructions:

Mohawk Industries, Inc. warrants its adhesives for the life of the original installation only when a Mohawk Industries style (product) is installed. Mohawk's floor preparation procedures must be followed to ensure that the substrate has been prepared properly. Failure to use Mohawk Industries adhesives or to follow Mohawk's floor preparation procedures will void all lifetime adhesive warranties. Please contact your local Sales Representative for installation guidelines.

Mohawk is providing this architect folder for the purpose of promoting our commercial business. Color may vary from dye lot to dye lot. Substitution of material may be made due to improved technology, supply limitations or other factors. The performance of this product is not affected by such variations. We recommend the use of chair pads on all commercial installations.

These patterns contain inherent characteristics which may result in pattern run off and/or pattern appearance variations at the seams or tile edges (darker or lighter pattern lines). These characteristics are inherent in the patterns and are not manufacturing defects. Consideration to these characteristics should be given when selecting an installation method.
